IT has always been the aim of this Company to put out first-class goods in whatever line of manufacture it entered, and make prices which would give its patrons the very best value obtainable for their money. We believe that to operate on this basis will bring about right relations and mutual confidence.

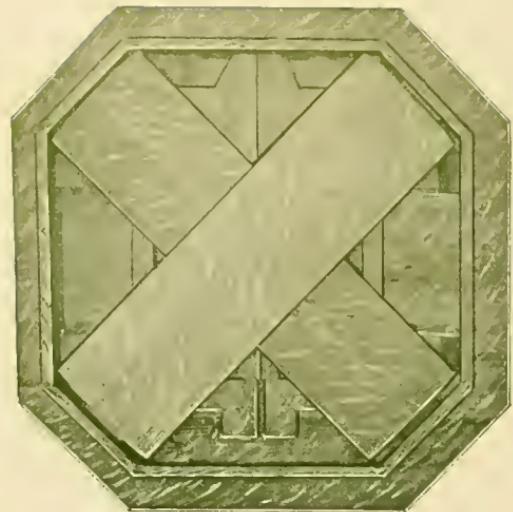

We are prepared to furnish anything shown in this catalogue, and not only are increasing our line from time to time, with designs of our own, but can make "To Order" goods, or furnish specialties that may be required to suit any and every condition.

We also make Cabinets to order, and make a specialty of Office and Store Furniture and Fixtures, supplying entire outfits, so that everything may be in harmony, and strictly up to date.
